

RIG SPEC. SHEET 5.

Geoprobe 66DT

Rig Manufacturer	Geoprobe
Model	66DT
Company holding	1

Drilling Techniques

- Direct Push - Geoprobe DT22 / DT325 sampling systems
- Dynamic Sampling / window sampling
- Probing & injection
- SP16 groundwater grab sampling

General/Dimensions

Weight	2.2 tonnes
Width	1.22m
Transport Height	2.16m
Transport Length	2.39m
Working Height [min]	3.89m
Working Length	2.75m
Carriage type	Steel reinforced rubber tracks
Transport vehicle	Towed by support vehicle on 2t plant trailer

Engine/Power Supply

Manufacturer & Model	Kubota V 2003-TE
Power	48Hp / 36kW - fitted with chalywn [shut-down] valve & spark arrestor

Mast/Drill Head

Drill head stroke	1.67m
Max pull up	4.6t
Max pull down	3.4t
Direct push - hammer percussion rate	32Hz

Hydraulic Hammer

Geoprobe GH62 - direct push drill head
